**TOMORROW'S ACHIEVERS TODAY**

**Thursday 7 September 2017 – Volume 30**

## **Quote of the Week**

"The best day of your life is the one on which you decide your life is your own. No apologies or excuses. No one to lean on, rely on, or blame. The gift is yours - it is an amazing journey - and you alone are responsible for the quality of it. This is the day your life really begins."

**~ Bob Moawad**

## **From the Headmaster**

**MR P L McAVOY**

Although the Matric Trial examinations are now under way, staff are still working hard to assist learners wherever possible. Matric boys and parents are encouraged to check the D6 Communicator for details of lessons and teacher availability. A similar programme will also be in place during the final Grade 12 exams.

The Trial exams are designed to be exactly that – a “dry run” for the NSC papers next term. We use the same venues, allocate the same desks, enforce the same rules. One of the key success factors in any stressful situation is maintaining your personal standards. If your hair is too long, it is different and can upset. The same thing applies to shaving, blazers, even having a different school bag can change routine and make it harder to find things. These are some of the reasons we will not relent in terms of the appearance and adherence to regulations of Grade 12 boys. Thank you for your support as we strive to provide a structured exam environment which will allow these Knights to achieve the results they deserve.

When u know u saw that same question on the study guide 5 minutes before the exam and ur trying to see the bullet points in ur head

The bus accident involving Michaelhouse learners and staff on Tuesday afternoon was tragic. One young man lost his life following the front wheel blow out heading down Town Hill. We immediately offered our thoughts and condolences to the school and those involved. It reinforced to us once more the need to take great care when boys travel. Michaelhouse used their regular bus company, and followed standard procedures before the bus departed. We will re-examine our own processes – which already include checks on the buses – to take all practical precautions to protect our boys. Please keep those impacted by this week's accident in your prayers.

## **REPORTS AND END OF TERM ARRANGEMENTS**

Reports for all Grade 8 - 11 learners will be issued on Friday 29 September, and school will close at 10h30 on that day. Grade 11 reports – for those who are on the work experience programme – can be collected from the Front Office between 10h30 and 12h00.

Grade 12 reports will be issued on Friday 13 October, which is also our Speech Day.

## PAIN IN THE NECK!

National Physiotherapy Back Week is coming up in September and, once again, as physiotherapists, we are trying to raise awareness about healthy spines.

There is a new neck pain arising that comes about from our addiction to 21<sup>st</sup> century devices – laptops, tablets, smart phones.

Our heads are in a forward position, our shoulders hunched or rounded more and more often.

Did you know that when your head is bent forward looking down at your cell phone the force going through our neck is 27kg!!!

Long term issues can lead to a permanent change in your neck bone alignment. Apart from looking unattractive, there is serious strain being put on your ligaments, muscles, discs and joints.

Some very simple steps to follow

- Your screen laptop, PC, tablet should be as close to eye level as possible.
- Make sure that your shoulders are down and squeezed to the back.
- Always have your PC, tablet, laptop on a hard surface like a table or desk.
- Lift your phone UP to eye level.
- Set a reminder on your phone or computer to check how your posture is.
- PILLOWS are so important, if you are waking up with neck pain review your pillow height.
- Make sure your chin is not poking forward, tuck it in a little.

Reduce the strain and pain on your neck, the results are worth it.
